

**Wireless Communication Device (WCD) Policy**

A “wireless communication device” (WCD) is a device that emits an audible signal, vibrates, displays a message or otherwise summons or delivers a communication to the possessor. The following devices are examples of WCD’s: cellular and wireless telephones, pagers/beepers, personal digital assistants (PDA’s), Blackberrys/Smartphones, Wi-Fi enabled or broadband access devices, two-way radios or video broadcasting devices, and other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video or still image, text, or other information.

Students may possess WCD’s provided they are powered completely off (i.e., not just placed in vibrate or silent mode) and stored out of sight during class times. The use of any communication functionality of the WCD is expressly prohibited. This includes, but is not limited to, wireless Internet access, peer-to-peer networking or any other method of communication with other devices or networks.

WCD’s, including but not limited to those with cameras, may not be possessed, activated or utilized at any time in any situation where a reasonable amount of personal privacy exists.

Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened.

Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy.

Violation of this policy will result in confiscation of the WCD. WCD’s will be returned to the parent following payment of a fine (monies to be donated to our Sponsored Child). Multiple infractions will result in the WCD being completely prohibited from the premises.

**I/We have read and understand the “Wireless Communication Device” (WCD) policy. I/We understand that failure to comply with said policy will result in confiscation of said device.**
